

WARNING LAWN ROLLER

Any piece of equipment can be dangerous if not operated properly. **YOU** are responsible for the safe operation of this equipment. The operator must carefully read and follow any warnings, safety signs and instructions provided with or located on the equipment. Do not remove, defeat, deface or render inoperable any of the safety devices or warnings on this equipment. If any safety devices or warnings have been removed, defeated, defaced, or rendered inoperable, **DO NOT USE THIS EQUIPMENT!!!**

⚠️ WARNING: Products plastic housing made from polycarbonate or other plastics can expose you to chemicals including bisphenol A, which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information, go to www.P65warnings.ca.gov

Caution: This Roller when fully loaded with water weighs 270 pounds.

Ground condition is vital to good leveling. Soil should be moist, but not muddy.

DANGER: This equipment has multiple pinch points. Keep hands, feet, and all other body parts clear at all times.

When installing the plug (#1 in figure above) note that there is an O-ring, ensure O-ring properly seats against the roller. A portion of the plug will extend from the roller, however, it will not interfere with the scraper bar (#2 in figure above)

Hand tighten as far as possible, if the plug is leaking, ensure O-ring is not bulging outside of the plug.

If the person receiving this handout will not be the user of the equipment, forward these instructions to the operator. If there is any doubt as to the operation or safety of the equipment, **DO NOT USE!!! CALL A TOOL SHED IMMEDIATELY!!! FAILURE TO FOLLOW THESE INSTRUCTIONS COULD RESULT IN INJURY OR DEATH**
